

# Math Review

## 10

Name \_\_\_\_\_

# Day 1

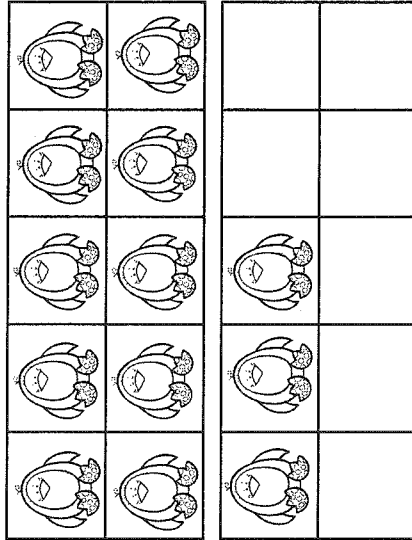

Name \_\_\_\_\_  
Date \_\_\_\_\_

1. My job is to find the missing number on the number line.

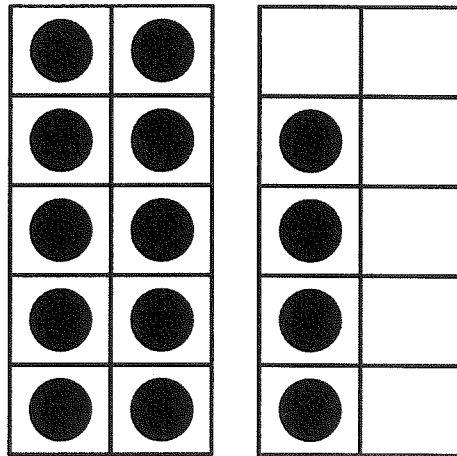

I can find the missing number by counting in order.

2. My job is to count the objects and write how many.

I can count the objects and write how many. \_\_\_\_\_

3. My job is to lock 10 in my head and count on.

I can find how many by locking 10 in my head and counting on. \_\_\_\_\_

4. My job is to count the tally marks and write how many.

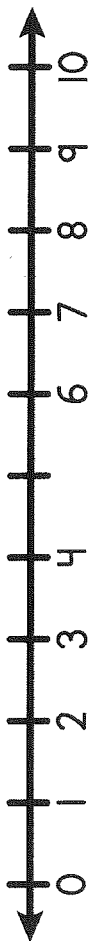

I can find how many by counting the tally marks. \_\_\_\_\_

# Day 2

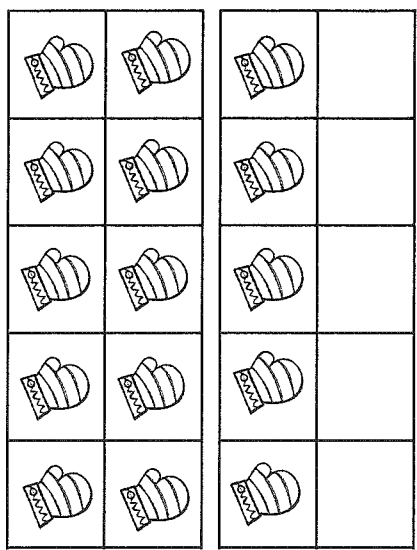

Name \_\_\_\_\_  
Date \_\_\_\_\_

1. My job is to find the missing number on the number line.

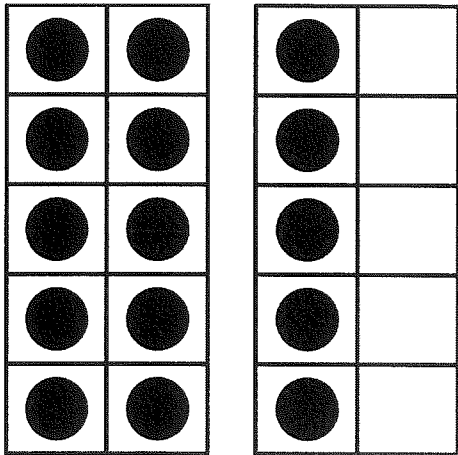

I can find the missing number by counting in order.

2. My job is to count the objects and write how many.

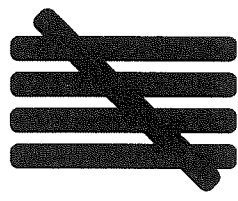

I can count the objects and write how many. \_\_\_\_\_

3. My job is to lock 10 in my head and count on.

I can find how many by locking 10 in my head and counting on. \_\_\_\_\_

4. My job is to count the tally marks and write how many.

I can find how many by counting the tally marks. \_\_\_\_\_

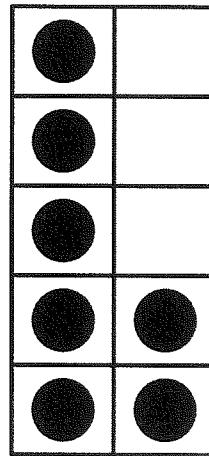

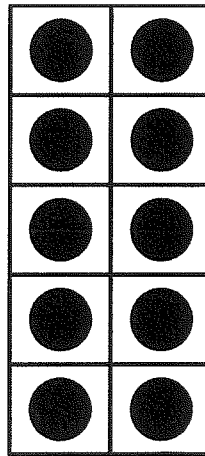

Name \_\_\_\_\_  
Date \_\_\_\_\_

1. My job is to find the missing number on the number line.

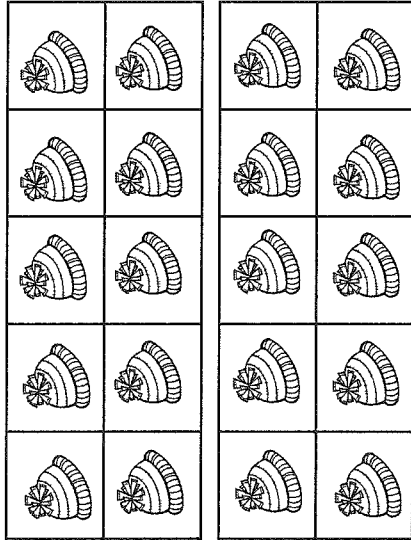

I can find the missing number by counting in order.

3. My job is to lock 10 in my head and count on.

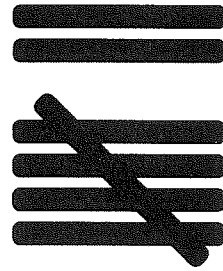

I can find how many by locking 10 in my head and counting on.

2. My job is to count the objects and write how many.

I can count the objects and write how many. \_\_\_\_\_

4. My job is to count the tally marks and write how many.

I can find how many by counting the tally marks. \_\_\_\_\_

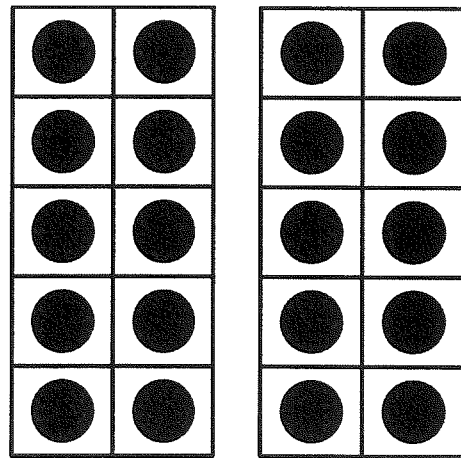

Name \_\_\_\_\_  
Date \_\_\_\_\_

1. My job is to find the missing number on the number line.

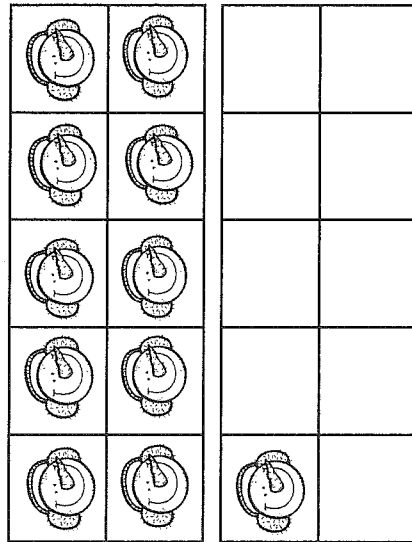

I can find the missing number by counting in order.

3. My job is to lock 10 in my head and count on.

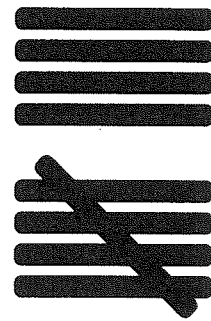

I can find how many by locking 10 in my head and counting on.

2. My job is to count the objects and write how many.

I can count the objects and write how many.

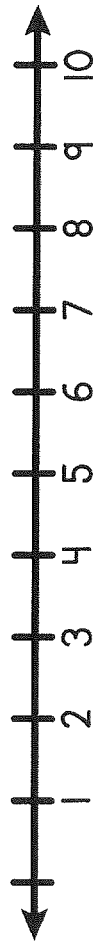

4. My job is to count the tally marks and write how many.

I can find how many by counting the tally marks.
